My Rocket Adventure
Maxwell Mitch was an ordinary 7 year old American boy living in an ordinary house. With his dog Greg, the light of his life.
Boy who went to space

One day he read a book about a
for dinner.

But still got home in time

He saw all the planets.
Before bed, he read it every night. This book he read it so attracted to Maxwell was so attracted to
HE WAS GOING TO HAVE

HIS OWN SPACE

ADVENTURE!
Rocket.

He even painted the entire rocket.

So that very day he built his very own rocket.
Go.

So he and his dog were ready to go an hour the rocket was done.
They flew off into space faster than a speeding bullet. Lifting off... the rocket and had... He and his dog got into...
He flew around and saw all the planets. Jupiter, Saturn, Neptune, Mercury, Venus, and Earth.
He had to think on his feet, but he couldn't figure out what was wrong.
Crying to himself,
Mars may oft in the distance
He looked around and saw
Lorentz-Maxwell went off to explore Mars
I'm going back there.
I'm going back there.

If it will be alright here, come back.

Will it be alright here. Come back.

I've been left out of the colony. Grandpa.
Moxuell led Mars back to
the others and the family was rejoined. It was so nice to see them all together.
Favourite dinner, Lasagne.
